Assessor Comments	A unique opportunity to purchase some excellent genetics, pure Barwidgee Angus blood cows 4 - 6 years old and have been rejoined to a Barwidgee Angus bull and due to commence calving early March for 8 weeks. These cows were originally purchased directly from Barwidgee Angus Stud as heifers and are a regretful sale for the vendor. The temperament of these cows is a testament to the years of selection and breeding as they are a pleasure to handle. They would truly be an excellent addition to any breeding herd or a great start for a new one.
