Assessor Comments	Offering 580 quality Australian White wether lambs. These lambs were 55kg live at assessment and are currently in very good order. The lambs are Oct-Nov drop 2024 showing good weight for age and have enough time to take onto heavy weights. The lambs are a full drop with a small tail taken out and are sired by Doonkami and Springdale rams. These lambs would equally suit the processor to kill now, or the feedlot to take onto heavier weights. Please note of the assessed lambs some were sighted with lightly weeping eyes and two lambs observed with an undershot jaw.
