Assessor Comments	A very even line of white suffolk/merino mixed sex lambs April/May 2025 drop. These lambs are bred out of good frame Egelabra blood ewes by the Kurraview white suffolk ram. These are the tops of the Autumn drop lambs out 1200. They will continue running with ewes until delivery. A few lambs with small stain around tail from fresh feed. A great opportunity to get in early and secure a well bred line of lambs to grow and fatten through an excellent Spring on the way and booming lamb market.
