| Assessor Comments        | A good run of Wool Grower Merino wether lambs. Annual sale of the surplus 'Avalon' wethers out of Dalgety. Cottage Park blood lines that are bred to fill bales with quality 18 micron wool. Ideal wethers to put away, fatten and trade or retain. The lot represents the complete drop of rising 1 year old wethers with a small tail taken out at assessment. Wethers were rugged after shearing and rugs removed just prior to assessment. Please note: Agent can arrange freight to Riverina with weekly market trucks to Wagga. |             |                       |            |
