Vendor Comments	Sale of our Xb lambs with a small tail removed from our home Property. Very happy how the Lambs have turned out considering the tough start. Please note photo of the lambs on the grain feeder. Lambs have had full access to grain feeders since birth.		
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	Xb Lambs on that are on the go fwd that still present fresh and fwd. Buy with confidence these lambs will perform well rather on grain or grass. Perfect to grow out to large export weights with a start on the grain. Please note lambs have had full access to grain since birth and the vendor ewes have been topping the Ouyen market. A 10% tail has removed.
