Assessor Comments	200 very good quality 2nd cross lambs that are on crop and trained on self feeders with faber beans. All the hard work has been done with these lambs and they are primed ready to be finished with crop and or feeders with the warmer weather around the corner. They are by the ABLENE PARK Poll Dorset rams out of good quality first cross ewes and being genuine late spring drops they have plenty of time on their side to finish them as a light to medium trade weight lamb for the kill in a very strong lamb market. 100% of lambs weighed at assessment to be from 31kg to 46kg to average a good 42.3kg. Please note the vendor has 100 1st X BL/MO lambs in today's sale also.
