Assessor Comments	100 good quality 1st cross wether lambs that are growing out well on crop & feeders. All the hard work has been done with these lambs and they are primed ready to be finished on lucerne, crop or feeders. 100% of lambs weighed at assessment to be from 35kg to 46kg to average a good 39.4kg. They are by the CHAINOPONDS Border Leicester rams out of very good quality SHALIMAR & GLENBURNIE blood Merino ewes and being genuine late spring drops they have plenty of time on their side to finish them as a trade weight lamb for the kill in a very strong lamb market. Please note the vendor has 200 2nd X lambs in todays sale also.
