Vendor Comments	Top of the drop of healthy 215 lambs, with no lambs under 30kg. They have been grazing on a Illabo wheat crop, that is due to be locked up for harvesting, so am looking at reducing the numbers, to comfortably carry the balance of the mob through.			
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	A very good quality draft of 215 1st Cross lambs being offered for sale, that you can buy with confidence. They are the top of the drop, with no lambs under 30kg, that are just starting to hit their straps as we move out of what has been a fairly cold winter. Lambs have been grazing on a Illabo wheat crop, that is due to be locked up shortly for harvesting, so the Vendor is reducing the mob size to comfortably carry the balance of the mob through. Lambs are normally held & grown out to target the export market & are currently knocking on the door of being able to be placed into a domestic trade scenario.
