Vendor Comments	Part of annual drop of merino wether lambs.			
Assessor Comments	Well bred line of January shorn Koonwarra Blood wether lambs that offer a good proposition to keep and run as wool cutters or still shear and fatten as lambs. Later drop types and have good frame and bloodline always grow into good frame young wethers. Have been on grazing canola however need to progress to better feed. Sept/Oct 2024 drop. All weighed and are a tighter weight group. Had a market crutch.
