Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	Opportunity to purchase a line of Xbred lambs out of Large Broken Hill and Hay Bred Ewes by the Keiross White Suffolk Rams. Vendor bred lambs that have been weaned onto oats and have there booster vaccination up to date. Given the feed that they have been weaned onto there is a possibility that some lambs could present with dag and stain upon delivery which my advice would be either a crutch or possibly shear. Most importantly these lambs have been trail fed since they were born. The lead and 2nd draft also in todays sale total number lambs = 642 Listed to be sold not valued.
