Assessor Comments	Offering on behalf of SH, AF, AM & RA CLARK is a line of 225 MAR/APR drop Crossbred Suckers. Lambs present in forward store condition averaging 31kg's at assessment with good growth considering the tough season. Lambs are bred out of large framed Hilton Heath Merino Ewes by Hannaton White Suffolk's and are usually grown out to trade/top end stores and sold in early September but are being moved on earlier due to a tighter season. Lambs have been drenched & had their first dose of vaccinations and have picked up really well post weaning with access to good feed. Please note that any dirty lambs will be crutched prior to delivery These lambs would be an ideal line to turn onto early spring pastures or put onto feed to take full advantage of high, secure spring pricing.
