Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	Neat line of 253 Mixed Sex XB suckers that present in a forward and fresh condition, these lambs show a nice deep body with plenty of frame and leg. The lambs have kept a nice skin in a tight season and will go ahead once shown some greener pastures. Vendor usually holds the lambs and takes out to export weights, they are only being sold early due to the seasonal feed. Lambs have all been individually weighed for the buyers confidence, a tail has been taking out.
