Assessor Comments	An exceptional line of fresh, forward xb lambs. These lambs are proven performers and in previous years have grown out to profitable heavy weights. The second run of 180, the top run of 205 is also listed in this auction. Eryvac B12 and drenched, they have been running on sown pastures and have been set up to perform for the purchaser. Bred from fast growing, early maturing Willochra suffolk rams over large frame Glenville blood ewes. These lambs will not disappoint. Crutched, drenched and ready to go, not to be missed. A 10% tail has been removed from the line.
