Assessor Comments	MPM Merino Ewes, Only March/April '22 drop, Ewes are highly fertile with high percentages of lambs weaned year in, year out. Classed ewes, this is the complete drop off Lindvale. (minus a small % of lesser ewes) Ideal ewes to join to terminal Rams or a Border for Xb production. Or to add to a self replacing flock for more of the same. Usually shorn every 8 months in the program on Lindvale. Performance sheep. Ideal dual purpose ewes that have proven themselves year in year out. Highly recommended by assessor.
