Assessor Comments	Buyers, on offer is a neat line of 170 NSM Tallawong Blood Merino Ewes. Ewes present in store to forward-store condition and are of medium frame. Ewes are surplus to the vendors requirements due to having lost the use of an agistment paddock. Ewes were shorn just a day prior to assessment (13.8.25) and have all had lambs weaned off recently. All ewes were scanned in lamb and have reared lambs this season. Vendor annually purchases surplus maiden ewes locally off the Reynolds Family to join to Dorset sires producing prime lambs. Ewes present an ideal article to integrate into a breeding program of choice or trade. Please note, most ewes are recovering from photosensitisation on their faces and the odd ewe on their body due to an outbreak of aphids within the lucerne pasture they were grazing 4 weeks ago. For further information, please contact.
