Assessor Comments	Account Dargeeling, offer a tidy line of 90 1st cross ewes 2019, 2020 and 2021 Drop averaging 70kg empty. These Ewes were all scanned in lamb but during the lambing process unfortunately lost their lambs. All Ewes were mouthed, bagged and titted for buyer confidence and would be a top acquisition for any breeder program. These Ewes present in forward condition, are mostly large frame and have come out the other side of an extremely tough season so will really take off if given the opportunity. Ewes are Mulesed, tail stripped and Gudair Vaccinated.
