Assessor Comments	257 Complete Drop 4.5yr old Poll Merino Ewes that show a nice deep plain body. These ewes are in a forward condition and will only keep improving since lambs have only just been weaned off. The ewes have a little start in the wool, which shows a nice white wool with a well defined crimp, these ewes are known wool cutters. Vendors flock wool cut AVG is 19mic and ewes will cut 6.5-7kgs on Avg. Vendor has been purchasing rams at the top end of the Carcuma North Sale for the past 20 years. Flock will generally lamb down at 120%. The ewes would fit into any merino breeding operation or terminal operation. This is a reluctant sale for the vendor, purchases can buy with confidence. note other ewes on offer in the area.
