Assessor Comments	Neat line of 4.5 Poll Merino Ewes that present in a forward condition. Ewes are showing a medium to large frame with a deep bone. The ewes have a big deep body and are known wool cutters, which will produce a nice white wool with a defined crimp. Flock Micron Avg is 20 and will cut 6.5-7kg on AVG. Ewes are sound mouthed and a small tail was removed for the buyers confidence. These ewes will fit into any breeding operation chasing wool cut or to produce big terminal lambs. Note other 4.5 yr old ewes in the local area.
