Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	A well-bred line of 240 White Suffolk X unshorn lambs, April–May 2025 drop, that have been weaned and running on fresh native pasture since early September. These lambs are in forward store condition and present with good weight for age. The average liveweight at assessment was 30.8 kg full, ranging from 24 to 42 kg. All animal health treatments are up to date, including vaccinations and drenching. this lot represents the top draft of the mob. These lambs are well-positioned to go ahead on good feed or grain and are ideal for taking advantage of the strong sheep market. please note a % of lambs are still yet to lose their tail, a small % of lambs have stain on breach.
