Assessor Comments	325 WSX NSL averaging 38kg at assessment. This lot represents the lead draft with a second draft of 90 head to be offered in this same sale. These lambs provide the buyer with a great opportunity to secure lambs that will preform given fresher feed. Lambs have grown more wool due to the dryer conditions out at Gillenbah and lack of fresh green pasture. These lambs make for an ideal line to be shorn and grown out on lucerne for the Summer fat markets.
