Assessor Comments	160 Merino Wether Lambs – Ideal Feedlot Prospects or Wool Growers A well-bred line of 160 Merino wether lambs, September 2024 drop, presenting in store condition and ready to perform. Averaging 28kg liveweight, these lambs are out of medium-frame, quality wool-cutting bloodlines, offering strong potential either for finishing in a feedlot or growing out for their wool-producing ability. Lambs have been trail-fed on oats and wheat, and are well-handled and accustomed to supplementary feeding. They're the perfect type to feed on and finish or retain for a productive wool-growing flock. Well-suited to restockers looking for performance and versatility.
