Assessor Comments 345 Very smart 1st x Poll Dorset x merino suckers, assessed as ewes were being shorn and were put back with the ewes off shears .Very well grown for their age born into an outstanding season and have not missed a beat .Note the vendor has 2 other lots of lambs this sale to make up viable truck loads .Outstanding lead off suckers to kill straight away with quality store lambs to grow out .Highly possible the skins will pick up clover burr in the next 10 days with warmer weather commencing.
