Assessor Comments	A very neat line of new season Poll Dorset x Meatplus lambs that showcase fantastic weight for age, lambs are by Valley Vista and Gooramma Poll Dorset blood rams out of deep bodied Meatplus ewes. Lambs have had two shots of GlenEry 7 in 1 + B12, Scabigard at marking and Startect at weaning 3 weeks ago, they are moving forward at a rate of knots on fresh grazing crops and will continue to move forward for prospective purchasers. This line of lambs have a great top end that could be turned over very quickly with the balance not far behind if kept on feed, they come highly recommended to all prospective buyers.
