Assessor Comments	An excellent quality line of second cross lambs that are really on the do after a tough start in life. They were weaned in July and are currently running on fresh lucerne and clover as well as having ad lib access to barley. These lambs are starting to bound ahead and will easily make domestic weights given the opportunity or would go on to export weights if desired. This lot is the lead draft of the drop, with 330 of the second draft also in this sale.
