	Quality Grades Very Good 100%			
Assessor Comments	Buyers, on offer is a very good quality line PD X DOHNE store NSL. These lambs display nice depth and length of body. All lambs were weighed through an auto handler 39.5kg plus full. This mob since previous weighing are averaging 400 grams per day weight gains. Lambs will be re weighed onto the truck at delivery with the same parameters for buyer satisfaction. These lambs are running on Lucerne pastures but have been started and now receiving grain ad lib via self feeders. The hard work on these lambs has been done. The breeding is here to go onto trade or export weights comfortably. Lambs come with high recommendations. Please call with any questions.
