Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	On offer is a very good line of shorn 2nd X store suckers that present as the perfect article to background or lock up straight onto feed. All of the hard work has been done here; these lambs have been very well shorn, are drenched and have been imprinted onto grain with barley and oats in lick feeders. They are very well bred lambs sired by Ridgehaven Poll Dorset rams out of large frame 1st x ewes. These lambs will have the genetic ability to reach all desired kill weights if given the right nutrition. Weighed in tight weight range to av 36.5kg at assessment. Highly recommend lambs.
