Assessor Comments	280 x 'Collandra North' blood Merino wether lambs, April/Jun 2025 drop averaging 34.5kg at assessment. They are a medium to large frame, plainer bodied style Merino, and have been 6 in 1 + B12 vaccinated and banded presenting as a tidy line to shear and grow out to fatten. Lambs are on the do and wouldn't take a lot to fatten into a handy trade body. This is the top half of the draft.
