Assessor Comments	An excellent line of 2nd cross suckers 100% individually weighed 35-39.5kg at assessment. Sired by quality Poll Dorset rams out of large frame western bred ewes these lambs will perform given the opportunity. Lambs are showing good carcass characteristics however majority are drying in the skin with majority being twin raised lambs. They will be weaned onto the truck and any very dirty lambs will be bunged prior. Highly recommend.
