Assessor Comments	300 May/June 2025 Merino wether lambs, Kurragundi Bred, Keri Keri blood, mulesed, unshorn, 35 kgs. Lambs are reasonably fresh and show good length and depth, ideal types to grow out for trade and export markets. A good article to grow out on grass or to finish on hard feed. Lambs have been cross weaned at assessment and will be paddocked out on fresh native grasses and bush until delivery. Some lambs present with dag and would benefit crutching. Please note preferred delivery date Thursday 9th/Friday 10th October.
