Assessor Comments	Presenting a fantastic opportunity to purchase a line of weaned store lambs ready to steam ahead if given the chance. These lambs were weaned on the 14th of August, drenched a fortnight ago with Q drench and will all be market crutched before sale day. They were all weighed on assessment day 35 kg+ and are ideal feeder lambs with a handy trade kill top in them now. Since birth lambs have had access to barley in lick feeders up until 4 weeks ago, so they certainly have learnt what a grain feeder is from a young age. This is the top of their drop and are ideal for the astute lamb finisher
