Assessor Comments	2600 June / July 2025 drop, weaned, Gudair vaccinated Merino wether lambs, to be offered as 3 drafts - 440, 1060 & 1100. For their age these wethers are showing maturity, good size and confirmation. Wallaloo Park rams have been specially selected for size, structure and wool quality (quality and quantity, softness and brightness). Wingiel aim to produce adult sheep which are 17 - 18.5 micron and capable of cutting large quantities of freegrowing soft stylish wools. Bred true to type and with these genetics prospective purchasers can secure an even line of healthy wethers. Ideal wethers for regular shearing intervals of 6 to 8 months or take to processor weights. The Wingiel flock is managed with the strictest animal health protocols. Some lambs showing dag. It would be advisable to crutch on delivery.
