| Any Access To Rams or Stags?          | To vendor's best knowledge, this lot has had no access to rams or stags.                                                                                                                                                                                                                                                                                                                                                                                                                                               |            |                          |            |
| Assessor Comments                     | A line of 215 well bred first cross ewe lambs. Weighed 27-43kg with an average weight of 30.3kg curfewed. Gudair vaccinated, Scabiguard, 3in1 SE + B12 and M/TS at marking (11/7/25). WeanerGuard and 6in1 + B12 was given at weaning (04/09/25). Bred out Turkey Lane/Centre Poll Plus, sired by Morton & Super Border Rams (Deepwater & Castle Camp). These ewe lambs are proven to perform and are sold each year to repeat buyers. A fantastic breeding opportunity for the future with plenty of genetic ability. |            |                          |            |
