Assessor Comments	A nice small line of mixed sex lambs out of medium to large frame Polwarth and Merino ewes sired by Border Leicester and Polwarth rams. Rams selected for early maturity with excellent carcass traits. These first cross ewe portion would make excellent future breeders (ewe portion mulsed) to a ram of your choice while finishing the wether lambs into domestic / export markets. lambs are averaging 240g/head per day from weaning to assessment and recorded on Eid tags along male / female
