Assessor Comments	A standout draft of fresh, sappy store sucker lambs, only recently weaned off their mothers on the 25/09. These lambs are bred from high-performing Primeline ewes and joined to quality terminal sires, including Poll Dorset and Tradie/Primeline rams. They present with excellent shape, muscling, and depth - true to type and displaying all the attributes of their breeding. This line offers the successful purchaser the opportunity to take them through to trade or export weights and maximise returns in the current strong lamb market.
