Health Declaration	A National Sheep Health Declaration will be provided at Delivery AT BUYER REQUEST
JD Approved Vaccinates	Sheep are not JD Approved Vaccinates.
Other Health Information	The ewe portion of this lot are all OJD Vaccinated
Vendor Comments	Lambs were 6in1 Vacc and had a drench at marking . They have had a scabby mouth vaccination, the ewe portion has been OJD Vaccinated. Lambs received a Tridectin drench and Extinosad backline when the ewes were shorn in mid September as a precaution
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	An exceptional line of well bred store lambs, that will grow out to heavy export weights. This is the lead draft of the LW Mann Family Trust 2025 Drop, sired by Mallee Park Poll Dorset Rams out of Ellingerrin Blood 1st X BL Mer Ewes. The best quality lambs were drafted off the ewes then weighed into weight ranges, the tail was not assessed. The weighed lambs were then branded according to their weight bracket (Red Dots 40kg and above) (Green Dots 35-40kg) and put back on the ewes until delivery. **Please note** The 375 35-40kg lambs (Green Dots) are also in this sale, averaging 35.5kg All lambs were crutched when ewes were shorn in September. These lambs have been known to do very well in past years
Assessor	Michael White (Level 2 Accredited)
