Vendor Comments	We have changed our business structure and usually breed these for our own replacements on our Island property, and also the season has not been nice to us up here , having said that we are extremely happy with the tops of these.			
Joining Details	Not Station Mated			
Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.			
Assessor Comments	This is a great opportunity to purchase excellent quality 1st x ewe lambs . The partnership has always bred them for their KI property, but they are unable to send them this year, client has always purchased local , very large frame mallee ewes and used quality sires over them, they are extremely well shorn and the purchaser has a great opportunity to get quality ewes . They will continue to grow out to a mate able weight. as the clients have been able to achieve very high % rates by mating in Dec/Jan.
