Assessor Comments	Vendor has used top Blyth Merino Genetics for the past 5 years and ceased mulesing 4 years ago. Ewes are being offered in todays sale as a 400 tops (4 decks) & 236 seconds (2 decks) or a neat B-Double if you wanted to put back together. the two lots represent the entire ewe portion of this drop with a 10% tail removed. They present with a full crutch, in strong store condition with a great rebate on their back. Up to date with all animal health treatments which includes 2 x GlanEry Vaccines & a Triguard drench. Only being offered as the vendor has changed core breeding flock focus so this allows potential buyers to reap the rewards of a solid fine wool market and all the time and effort thats gone into the ewes breeding over the past 5 plus years.
