| Assessor Comments                     | Nice line of xbred lambs to shear and carry on to heavier weights. The ewe portion would make good quality future breeders and the weathers will make very good export weight lambs given the opportunity. 2 other lots same vendors this sale which may assist with freight accumulation.                                                                                                   |            |                                            |
