Assessor Comments	350 May/June 2024 drop ewe hogget's. 700 in this sale to be delivered run out the gate. 20 mouthed with 14 still having lambs teeth so would ideally suit to join Nov/Dec. Ewes are just hitting their straps being a month off shears and would expect ewes to look be a whole lot heavier in a month. Ewes are medium to large framed , reasonably plain bodied and in strong store condition. Ewes were drafted into a reasonably even line then 20% weighed for a 49 kg ave ,7 hour curfew. Realistic reserve for typical western Riverina sheep. Please ring with any questions
