Assessor Comments	Part of the Reade family's genuine flock reduction, these ewes are their complete drop of retained 2022 drops. They have a 6 months of wool on their backs, present in forward condition and would ideally suit mating back to a Merino, but would also suit any XB lamb breeding enterprise. With over 40 years of buying sires from to top end of Orrie Cowies sales it definitely has paid off with exceptional wools, wool cut and frame shown in these ewes.
