Assessor Comments	A very good opportunity to secure an excellent line of NSM July/August '24 Border Leicester/ Merino ewe lambs. This represents the lead group of the 2024 drop all weighed 52kgs+ at assessment. Bred out of medium/ large frame Lach river merino ewes by top quality New Armatree Border Leicester rams. Ewes display great length of body and are very structurally sound, ready to be joined to the ram of your choice. These ewes have been imprinted onto grain at a very young age on barley and have performed well throughout a tight autumn and have been put in containment lots recently being fed Barley and Lupins. Please note: Vendor is offering 1450 1st cross ewe lambs in the same sale split into weight ranges and small lots to enable purchasers to secure a good line of ewes of the same high quality genetics.
