Assessor Comments	A good line up of young ewes with plenty of quality genetics in their make-up. This sale represents the ewe lamb portion of a complete flock dispersal, as the vendor is getting out of sheep and into Angus cattle. The NSM ewe lambs feature the following attributes: * Bella Lana and Grogansworth Poll Merino blood * August/September '24 drop * Averaged 15.7 micron as lambs, ewes (mothers) averaged 18.3 micron * Mulesed (with pain relief) * Gudair vaccinated. Great opportunity to purchase very good quality, fine wool ewes - true to Bella Lana and Grogansworth bloodlines.
