Assessor Comments	425 A/M 2024 drop Ashrose blood poll merino stud ewes. Easy care, plain bodied, medium framed maiden ewes, presenting in strong forward store condition. Ashrose has been breeding stud ewes and rams since 1910, focusing on a quality product that produces upstanding genetics, and grows a power load of deep crimping bright white wool. Flock average over the past 5 years has cut 9kg of 20 micron wool as a mature ewe. Ewes are part of a flock that maintains an OJD MN3 status since 1998, and are Brucellosis accredited. PLEASE NOTE - Due to a harsh season, ewes had a wool break close to the skin at shearing time and thus present an uneven skin length. Ewes also have barley grass and geranium on their belly's and legs.
