Assessor Comments	*FLOCK DISPERSAL* On offer are 580 "CLASSED IN" 4–5-year-old, mulesed, NSM Poll Merino Ewes. Pure Plevna Poll Merino bloodline for 40+ years. The Saunders family have been heavily classing their ewe base for a long time, focused on heavy cutting, bright-white wool and females with length of body. Resulting in a flock that are both fertile and cut 4.9kg of 19.7-micron wool. A real opportunity presents to purchase a line of ewes to take home and join to the rams of your choice, whether it be a terminal or back to Merino rams, they will not disappoint. A regretful sale for the vendor, only selling due to health complications and change in direction with their enterprise. Comes with assessors' highest recommendation. An article for real sheep enthusiasts.
