| Assessor Comments            | 108 July 2024 Merino ewes, Yoolandry bred, Caroonboon blood, Mulesed, 45.5 kgs live weight. A small but quality line of merino ewes, ideal for merino or terminal production. Ewes are a long plain bodied, open face type and have responded quickly since shearing in July. Ewes cut a stylish 80 mm staple at 8 months shearing and will continue to grow into large framed matrons to suit any operation. Ewes are mulesed with a v of skin left over the tail. Great dual purpose sheep to put away early in the spring. |
