| Assessor Comments            | Vendors annual turnoff of 4 yr old ewes, these ewes are vendor classed in ewes and have been excellent breeding sheep producing heavy wether lambs and top replacement ewe lambs. As well as being large framed heavy wool cutting ewes. These ewes generally keep the dust from the stubbles out well and would be ideal for either merino or xb lamb production for at least a couple more years. They are presented here with a big rebate on their backs and are in good condition considering they had lambs weaned off them 3 weeks ago.
