| Any Access To Rams or Stags? | To vendor's best knowledge, this lot has had no access to rams or stags.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |            |                   |
| Assessor Comments            | As part of the Coleraine Poll Merino flock dispersal, these 880 maiden ewes, being offered as 2 run out the gate of 440, are being offered as genuine tops of the drop, with none of the drop being retained by the vendor. Coleraine Stn is a multigenerational merino flock, with emphasis on both wool and carcass traits. A self replacing flock, being bred to thrive in pastoral, Far West NSW. These ewes are the top of the drop, and shown feed, will grow into an impressive line of productive ewes, suited to both self replacing, and terminal breeding enterprises. These ewes present as August shorn, 39 kg live weight, mulesed and tail stripped, NSM & Old Kelvale blood. A fantastic opportunity to secure a large run of young ewes, ideal to join later in the season. Please observe that the vendor has multiple lines, in various age groups, of classed in breeding ewes, which are also on offer in this sale as part of their flock dispersal. |            |                   |
