Assessor Comments	A line of 100 Tattykeel Red Tag Certified Australian White ewe lambs & hoggets, presented by Mount Dixon Australian Whites, Gunning. The Robinson family established their flock with quality breeding ewes from the Carter Family, Nyngan, and now exclusively purchase Tattykeel flock rams. This draft represents the tops of their contemporary group, being the first cut of ewe lambs that would usually be retained as replacements. The wether portion from the same drop have consistently achieved 49–50% dressing percentages, underlining excellent carcase performance. As evident in the photos, these ewes are shedding their lambs’ coats strongly, showcasing the low maintenance traits Australian Whites are renowned for. They present in ideal condition to join, making this a timely opportunity to secure elite Tattykeel genetics. Buyers are encouraged to consider the 12th Annual Tattykeel Australian White Sale on 24/09/2025 to complement them with a selection of rams.
