| Assessor Comments                     | These 218 Vendor Bred 1ST X Ewe lambs represent the 2nd draft, sired by Retallack BL Rams out Big frame WA & Lachlan Blood Merino Ewes. These lambs were bred on the vendor's property at Narrandera and then came down south earlier in the year. This lambs would generally be 60Kg plus by now but have had a tough 7/8 months with limited feed. They have all the breeding under the sun and they will continue to grow going onto quality feed. These lambs had a Gudair and 6in1 plus B12 vaccination at assessment. Note vendor has another 2 lots in sale to make a Total of 582. This entire drop of ewe lambs with none retained are only being offered due to the sale of a property. |            |               |            |
