Assessor Comments	Presenting 165 vendor bred Dohne/Merino ewes, at 3 & half years of age, they are being offered for sale in the prime of their productive lives. This line of ewes have been bred for frame and fertility, and been an integral part of a prime lamb breeding enterprise, with their progeny being grown out to be processed at export weights. September shorn & NSM, all the work is done for them to integrate into a spring joining program. Ewes of this age can be difficult to find, and are only on offer due to ongoing dry seasonal conditions. Please note vendor has 330 2021 drop merino ewes and 150 2022 drop merino ewes in this sale also.
